7   ADVANTAGES & DISADVANTAGE

Advantages:

Events signal how well your IT infrastructure is behaving – and event management gives you the ability to reduce incidents, highlight troublesome services, and view the performance of your entire IT estate.

Disadvantages:

Time and Energy – it takes a ton more energy than you think to plan, marketing and execute a hosted event. Costs – you are 100% responsible for all costs, ie: feeding participants, signage, marketing, etc. Brand Reputation – It's your event, your brand's reputation is on the line.
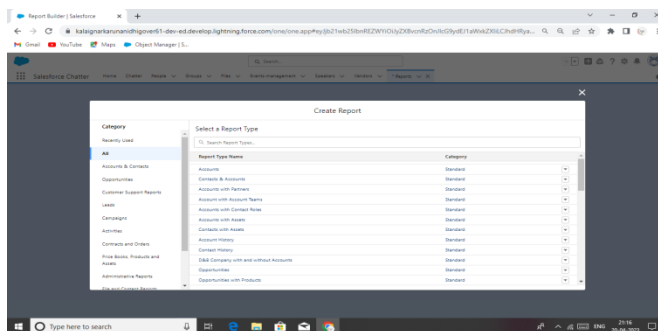

8   APPLICATIONS

helps organizers plan, execute and report on events, driving success for their business.

9   CONCLUSION

Event Management System is user friendly and cost effective system, it is customized with activities related to event management life-cycle. It provides a new edge to management industry. SolutionDot always keep your objectives and goals on top priority while developing any plan of work.

10   FUTURE SCOPE

Jithe scope of event management as a career in India is immense. This career provides a unique opportunity to rephrase our social beliefs. Hosting events can redesign the structure of a city by facilitating economic growth, employment opportunities, urban development, and promoting indigenous culture and heritage.
